

STRATEGIC COMMUNICATIONS
VOICE, DATA & VIDEO SOLUTIONS
"NO LIMITS, NO BOUNDARIES"

SPAWAR-8a-PBX, Routers & Switches

SPAWAR-8a-PBX, Routers & Switches

#N65236-09-D-5175

Minimum Order: \$3,000 (No Max)

Strategic Communications is proud to provide the Department of Defense (DoD) and Federal agencies with immediate access to the communications and networking solutions needed to improve mission effectiveness through the Space and Naval Warfare Multiple Award Contract for Commercial-Off-the-Shelf PBX, routers, switches and other related equipment.

Agencies can use **Strategic's** SPAWAR-PBX, ROUTERS & SWITCHES N65236-09-D-5175 to lower costs through volume discounts and procure a wide range of advanced communications and networking solutions. These are designed to improve situational awareness and operational efficiencies, foster superior decision-making during warfare, homeland security missions and disaster response.

Strategic Communications' expertise helps agencies evaluate, procure, implement and support an array of integrated communications, high-speed network technologies, tactical, mobile and video communications and collaboration solutions. All of these help meet current and future mission support requirements. Contact us to learn more.

Advanced Technology. Leading Expertise.

Strategic delivers the advanced technology expertise needed to expand communications capabilities and meet critical mission objectives. Our certified experts have expertise in unified communications, wireless, mobility and sophisticated networking to support a secure communications infrastructure. Use our Advanced Technology Center (ATC) to demonstrate cutting-edge equipment and increase the value and utility of your investments – and get direct access to experts who can recommend the best contract-compliant solutions to help you cut costs, optimize current assets and expand capabilities.
